

# My STEM Idea Brainstorm

## I am passionate about...

What I love, excited to spend time on

## I am good at...

Hobbies, school subjects, skills

## I want to change...

In my home, school, community, the world

### Looking at the lists you created above:

- What things could be connected to become a possible project idea?
- What do you want to explore further?
- What could you create or build?
- What issues could your idea solve?

Jot down your ideas in your logbook and start your research!
